

BAD WEATHER IS KEEPING AIRMEN IN PICTOU N. S.

If Storms Clear Away
Will Leave For Bos-
ton Today

PICTOU, N. S., Sept. 4. (AP)—
Late tonight the indications were
that fine flying weather would
prevail tomorrow for Lieutenant
Lowell H. Smith and the other
American round the world fliers
if they decide to make a jump
from Pictou for Boston. The storm
had subsided and the barometer
was rapidly rising.

It was said that under ideal
weather conditions the planes
could be prepared for a hop-off
by 10 o'clock.

The United States torpedo-boat
destroyer Coghlan reported to
night that she had the spare rear
spreader required for Lieutenant
Smith's machine on board and
was lying in the lee of Henry
Island off Pictou Harbor waiting
for daylight to come in.

Lieutenant Smith who com-
mands the round the world fliers,
had ordered his men up at 5
o'clock in the morning. This is be-
lieved here to indicate the pos-
sibility of a start for Boston by
the planes tomorrow.

The aviators spent the day rest-
ing and tonight were the guests
of honor at a dinner given them
aboard the Canadian destroyer
Patriot.

The spare propeller brought
here for the Boston II, with which
Lieutenant Wade and his assis-
tant, Lieutenant Ogden will ac-
company the other planes on the
remainder of their journey will
be installed tomorrow if weather
conditions permit and the rear
spreader rod now being rushed
here by the destroyer Coghlan
placed in position on Lieutenant
Smith's plane. No attempt was
made today to refuel the ma-
chines and this work will take
considerable time before a start
is made.

Later tonight the cruiser Mil-
waukee informed Lieutenant
Smith that a storm of violent
intensity was approaching the Nova
Scotia coast and recommended that
the start for American territory
be delayed. The order for
his men to be up at 5 o'clock
still stands, however, and at that
hour the weather reports avail-
able will be examined.

The army planes will proceed
with three planes leading in for-
mation with General Patrick and
his aide, Lieutenant St. Clair
Street in the leading machine. At
the right will be Assistant Secre-
tary of War Davis and Lieutenant
Lester Maitland of Dowling Field,
pilot.

PEKIN WOMAN IS BEATEN BY THUGS

PEKIN, Ill., Sept. 4.—Mrs.
Mae Reuling was dragged from
her automobile and beaten by
three masked men at Pekin, near
here, who threatened to hang her
to a tree if she didn't deed back
certain property, it became known
here tonight.

Mrs. Reuling was attacked as
she was entering her garage in
Pekin.

"You better deed back that
house," one of the masked men
told her. When the woman
screamed the men told her that
"if you don't stop that noise,
we'll hang you to a tree."

The woman managed to secure
her freedom after a struggle and
the men fled in the darkness.

Dr. F. G. Niergarth was called
and said the woman was not
seriously injured.

APPEAL TAKEN IN SWIGERT ESTATE CASE

Paris, Ill., Sept. 4.—Judge
Walter Brewer who sat in the
Chicago court in a case involving
the million dollar estate of for-
mer Alderman Swigert of Chicago
in which a woman claiming to be
a daughter by a common law mar-
riage attempted to gain possession
of a part of the estate today
signed a bill of exceptions pre-
sented by lawyers who will appeal
the case.

Judge Brewer said the hearing
took ten weeks and the record of
the case includes ten volumes.

graft.

Carlinville, Ill., Sept. 4.—Mrs.
Lena J. Allen, 63, Carrollton, was
instantly killed in an automobile
upset west of here today after she
had her daughter good bye at the
Chicago & Alton station. The
daughter, aboard a train speed-
ing toward Chicago was informed
of the tragedy in a telegram sent
ahead of the train and returned
to this city tonight.

A THOUGHT

He calleth together his friends and neighbors, saying unto them, Rejoice with me; for I have found my sheep which was lost.—Luke 15:6.

The cup of joy is heaviest when empty.—Marguerite de Valois.

There is encouragement for the rural and small town residents in the most recent edition of "Who's Who in America." Only 25 percent of those who have attained enough prominence to be listed in this volume were born in large cities. After all, environment is important but by no means the greatest influence in life. The trouble is so many people fail to develop their in-born possibilities.

SUPPORT OF WOMEN IN ELECTION ASKED BY PROHIBITIONISTS

Party Has No Slush Fund,
Therefore No Investigation Feared.

KANSAS CITY. (AP) — Plans for a nation-wide campaign on behalf of his candidacy for president on the National Prohibition ticket are seriously hampered by a lack of funds, Herman P. Faris, of Clinton, Mo., has declared here. "We'll never have to worry about being investigated for having a slush fund," he chuckled, "for we haven't got one. If we had one dollar for every hundred the big parties have, we'd win this election."

Mr. Faris, a 65-year old banker and Sunday school superintendent, believes in the cause of prohibition and in the ultimate success of the Prohibition party.

Radio is going to play a prominent part in this year's presidential campaign, Mr. Faris said, and he hopes to utilize its possibilities frequently in his own campaign. By way of firing the opening gun in his battle for a Prohibition victory, he broadcast an address from a large station here.

Mr. Faris is at the service of his party and is ready to speak any time, anywhere, he said. The actual plans for his campaign are in charge of Dr. B. E. P. Prugh, national chairman, at Harrisburg, Pa. Central branch headquarters of the party is in Chicago in charge of John P. Coffin of Johns-town, Fla. Western headquarters in Los Angeles in in charge of John C. Bell, vice-chairman of the national committee.

"One thing is certain," Mr. Faris said. "We've been electing the issues for 50 years and the other fellows have been electing the officers. It ought to be our turn to elect the officers."

"If we can get only one-half of the good people in both old parties, who are sick and tired of the proven corruption which has besmirched both major parties, to tell Uncle Sam at the ballot box their real hearts' desires, we'll be elected by a tremendous majority."

"If the good women will recognize the fact that it was through our party they gained their suffrage rights and will pay their debt to the only party that ever did faithfully stand for them, we'll be elected without the need of a single 'male-man' vote."

Mr. Faris asserted the Prohibition ticket would be placed on the official ballots in nearly half of the states, among them Pennsylvania, Illinois and California, and that he thought it would find a place in many more states. "In 1920," he continued, "a great many of our people thought our work was done. But government is only 'one percent law and 99 percent enforcement' and you cannot expect the prohibition laws to be enforced by unsympathetic officials now in office."

Mr. Faris said he was proud of the fact that a woman, Miss Marie C. Brehm, of Long Beach, Calif., is the party's candidate for vice-president. Miss Brehm, he declared, is "the peer of any candidate now in the field, even though she doesn't smoke a pipe upside down or wear a skull cap. When she presides over the senate as its president, the world will sit up and take notice."

Charles Johnson who has been engaged in shoe repairing here for the past year has decided to return to Bluffs. His family will leave next week for the above place.

Robert Mayes has been confined to his home the past week with a severe attack of rheumatism.

Edward Fee is reported on the sick list.

A daughter was born to Mr. and Mrs. Walter Puke last Friday.

Mrs. Anna Keener of Naples visited Mr. and Mrs. L. F. Berger Wednesday.

In an opinion reversing the decision of a lower court, the supreme court justices held that Kui Yim-fong, Chinese, was not entitled to a divorce from William Fong on the ground that he failed to support her.

Evidence adduced at the trial indicated that William's wife had deserted him because he could not provide her with a home other than the one he occupied with his parents. She then charged him with non-support because he refused to support her while she was living with friends.

"While the taking of a wife to the home of his parents," the court held, "is perhaps not the best and ideal method of supplying her with a home, it cannot be said, as a matter of law, that the fact alone justified the wife in deserting her husband."

RADIO BECOMES A SPORTS FEATURE

Fans Are Now Able to Hear Reports of Big Events—Will Broadcast Every Movement During Great Horse Races at Belmont Park

BY ISRAEL KLEIN

NEA Service Radio Editor
Sports have adopted radio as a valuable helpmate.

Beginning with the broadcasting of important fighting events and world championship baseball games, radio has become an important factor in the dissemination of reports covering other big sporting features. Horse races, tennis matches, golf tournaments, even the Olympics at Colombes, France, have had this additional touch to spread their popularity.

Even now plans are being made for the broadcasting of practically every movement during the international horse races at Belmont Park and Aqueduct on Sept. 4 and 27, when the famous French horse, Epinard will reveal its skill. The national tennis matches at Forest Hills, L. I., for both men's and women's championships, to be held the latter part of this month and the earlier

part of next, are also planned for broadcasting to radio fans.

Good Announcers

Broadcasting station WJZ in and WEAF will conduct the tennis broadcasts. The announcers will be the most competent authorities obtainable, both in point of sports experience and in enunciation.

For the races J. Andrew White, who has reported many a boxing and other sport event by radio, will be at the microphone. For the tennis tournament a competent authority on this sport, one who can visualize every play quickly and distinctly, is being sought.

At Colombes, France, during the Olympics, the French had a portable equipment on the field from which news of the events was broadcast the moment each was completed.

Added Popularity

Golf tournaments at various points in the country have already been reported to radio fans, almost in unison with every stroke.

This method of popularizing the sport has been considered so successful that it is being adopted as a regular feature of such tournaments.

Broadcasting is usually done by direct wire from the field to the station which puts the news immediately on the air.

Next fall we may expect more widespread use of this feature of

radio in connection with college football games. It will be a great change from the regular, almost monotonous programs of music that broadcasters have to send out for lack of anything else.

Adoption of radio in connection with these sport events in itself is a proof of its beneficial effect on sports. Both sports and radio are mutually beneficial, in that each produces more fans for the other.

REPUBLICAN HARMONY

IN STATE RESTORED

Chicago, Sept. 4.—Major General Joseph B. Sanborn, 63, and Miss Willis A. Week, 49, were married here today. General Sanborn, "Daddy of the Old Dandy First" was, until his retirement recently, one of the most picturesque figures of the Illinois National Guard. He enlisted as a private in 1880. During the Spanish-American War he served as a major and during the border trouble during 1916 he commanded the First Illinois Infantry. He commanded the Dandy First which became the 131st Infantry during the World War despite his advanced age. Upon his return he was placed in command of the 1. N. G., and retired in March, 1921. He won six decorations during the World War.

Miss Week is a sister-in-law of the late Colonel S. E. Bliss. The wedding was surrounded by secrecy.

Colonel Sanborn and his bride left on a secret honeymoon immediately after the ceremony.

Mrs. N. Reilly of Woodson was a Jacksonville shopper yesterday. Mr. and Mrs. Everett Johnson of Franklin spent Thursday in the city.

Kellogg's Bran delights father by bringing health to children

Poor little kids—they needed bran badly. But they wouldn't eat ordinary bran. They didn't like them. Most folks don't. Then their father tried Kellogg's Bran, cooked and crumbled. What a difference! He tells the story in his letter:

Dear Sirs:
I wish to express my appreciation of your krumbled bran, which I have used with my children this summer. We had a great deal of trouble with them through constipation, and bran had been the most satisfactory remedy but they could not be induced to take the old varieties . . . because they disliked them so. They enjoy the krumbled bran and consider it an essential ingredient of their porridge. No one who has children have not been troubled in this way can appreciate the relief there is in having their bowels move regularly.

olives, grapes, ginger snaps, tea.

Dinner—Boiled mutton, baked
potatoes, mashed turnips, stuffed
tomato salad, orange ice, whole
wheat bread, buttermilk, coffee.

Dip the shredded wheat biscuits
in boiling water for children under
6.

Stewed figs are suggested especially
for the juniors, but will not
come amiss for the seniors.

Do not give children 6 years of
age creamed dried beef. Their
breakfast should be the figs,
"shredded" with thin cream, but-
tered toast and milk.

One or two tablespoons finely
minced boiled mutton, a baked
potato, mashed turnip, plain
sliced tomato, whole wheat bread
and butter, small glass of milk,
and 1 tablespoon of orange ice
should be the dinner for those
over 6. Under 6, omit the turnip
and ice, but add a bit of day old
sponge cake or plain cookie.

Rolls Oats Bread

Five cups wheat flour, 2 cups
rolled oats, 2 teaspoons salt, 2
tablespoons sugar, 1 tablespoon

lard, 1 yeast cake, 1/4 lukewarm
water, 2 cups boiling water.

Pour boiling water over oats

lard, 1 yeast cake, 1-1/2 lukewarm

water. Beat well and slowly

work in flour, kneading when

mixture is too stiff to stir. Knead

to a smooth dough and put in a

warm place to rise. Let rise until

double its bulk. Turn onto a

floured board, shape into two

loaves and put in pans. Let rise

until double its bulk. Bake one

hour in moderate oven.

Cream of Potato Soup

Two cups sliced potatoes, 2

tablespoons butter, 2 small onions,

2 cups water, 1 1/2 cups milk, 1

teaspoon salt, dash paprika.

Melt butter in saucepan, add

onion peeled and cut in very thin

slices or minced. Cook five min-

utes over a slow fire. Add pota-

toes pared and cut in quarter-

inch slices, cover with water and

cook until potatoes are broken.

Mash slightly or not, as prefer-

red. Add milk, salt and heat, but

do not let boil. Serve with a dash

of paprika in each plate except

that for the "baby." This makes

a thin soup, not a "puree," more

easily digested than the thick

cream soup.

HEADING COLLEGE TO AGAIN OPEN DOORS

ABINGDON, Illinois—Hedding College, once one of the most popular small schools in Illinois, will reopen its doors to students this fall after a two year suspension of instruction, according to Dr. Walter E. Harnish, president of the college. The college, which is a contemporary of Illinois Wesleyan and Northwestern universities, was founded 69 years ago, and was closed in 1922, after an attempt had been made to transplant it from Abingdon to Rock Island.

The courses of the college have been reorganized to offer junior college instruction and 125 students have already been registered, with more in prospect, according to Dr. Harnish. When the project of reopening the college was discussed last spring the board of trustees made it conditional on the registration of 100 students.

Dr. Harnish, the new president, comes from Dickinson college, at Carlisle, Pennsylvania. He will have charge of the original college site, which was designed for a four year college and includes the campus proper, two squares of wooded park, a dormitory and a ten acre athletic field. On the campus are located the chapel, the library, the administrative offices, the conservatory of music and the gymnasium. The girls dormitory also is located on the campus. The capacity of the library and the department of biology has been increased and a great amount of necessary laboratory equipment has been purchased.

Seven distinct departments, in addition to the school of coaching will be maintained, according to Dr. Harnish. Chemistry, English, foreign language, history, education, biology and mathematics will comprise the curriculum.

10:00—J. K. Pearson shows.

What was declared to be the greatest crowd ever brought together on the Morgan County fair grounds was present yesterday on the fourth big day of the 1925 fair, designated as "Jacksonville Day." The record-breaking crowd exceeded previous crowds of this week by nearly fifty percent. It is expected, however, that today and tomorrow will bring bigger crowds than ever, providing the weather is clear. The fair will not close until late Saturday night.

Two bands were present Thursday, giving concerts to immense audiences. The Jacksonville Community band played at the grandstand, and the School for the Deaf band in the midway. The services of the latter band were dominated by Col. O. C. Smith, managing officer of the Illinois State School for the Deaf. The Community band will play again today, and the Waverly band will provide the concerts for Saturday night.

159 Babies Rated
The "Better Babies" conference of the fair closed its work yesterday evening, after examining and rating 159 babies. The results are being compiled as quickly as possible and will be mailed to the parents of the babies who were examined. It is expected that the names of the babies taking highest rank will be known sometime today.

In addition to Dr. T. A. Mann and Miss Lucille Stevens of the health department, Miss Ida B. Verner of Passavant hospital has been present each day at the baby conference ad has given constant assistance in supervising the personnel of assistants.

The examining headquarters was constructed and equipped by John S. Hackett. The furnishings were donated by Andre and Andre and Hopper and Hamm, and the electric heaters by the Jacksonville Railway and Light company.

The arrangement of the schedule for examining physicians was in charge of Dr. David Reid, and that for dentists in charge of Dr. A. B. Applebee. Doctors and dentists who assisted in the examination yesterday included Dr. A. R. Gregory, Dr. G. R. Bradley, Dr. A. P. Ogram, Dr. Bert Trippier, Dr.

SECRET SOCIETIES OF MANILA INFLUENTIAL

MANILA, (AP)—Approximately 200 secret and fraternal societies are now in existence in the Philippines, according to an official report of the intelligence office of the Philippine Constabulary, which asserts that most of the labor troubles in Manila as well as in the provinces are due to the activities of these societies. The report also declares that the agrarian troubles which flare up at intervals are attributable to these societies.

In Manila alone there are 134 secret societies and the majority of these have been organized during the last three years, according to the constabulary report.

In Occidental Negros, a rich sugar cane district, numerous cases of lawlessness have been reported and officials declare that rivalry between two of the most powerful of the secret societies has been at the bottom of the trouble.

RECORDS SHOW SQUAW IS 120 YEARS OLD

Yosemite, Cal. (AP)—Apparently authentic records indicate that "Indian Lucy," a squaw living in the Yosemite Valley, is 120 years old. She is believed to be one of the oldest women in the world.

Lucy lives in a typical Indian tepee not far from Camp Curry, but keeps out of sight of the tourists. She has difficulty in walking, but otherwise retains full possession of her faculties. She can remember clearly the events of 100 years ago. She was living in the valley when the first white men made their entrance and finds pleasure in relating the details of their occupation.

Record Crowd Sees Thursday's Racing

RACE PROGRAM FOR TODAY

2:25 Trot, 3 in 5, \$200 and added money.

2:14 Pace, 3 in 5, \$200 and added money.

Three-fourths Mile Run, \$75.00, and added money.

Pony Race.

Mule Race.

Richard Wingo laid back until Closer came alongside in order to make a semblance of a race. The final half mile was announced in the time of 1:10 4-5, which looked very doubtful, unless the watch was snapped on the winner at the three-eighth pole.

In the half mile race for small ponies, Reid captured first and Greenleaf second in one of the most interesting races of the afternoon. The little fellows always show a real, hotly contested finish every time they take the track with each boy riding his hardest to win.

The Guideless Wonder

Hal Onward, the guideless wonder again paced an exhibition mile, making the distance in 2:13 and pacing the last quarter in 30. It was stated in Thursday's Journal that the record of 2:083, hung up by Hal Onward, Wednesday, was thought to be a world's record for guideless horses. An Associated Press wire from Quincy Wednesday evening stated that Earl Jr., a nineteen year old pacer, who has been on the turn for fourteen years, negotiated the mile distance without driver at Quincy, Wednesday, in the time of 2:074. Hal Onward is improving with each time out, and it is predicted, that he will yet lower the record set by the old campaigner, Earl Jr.

Colt Exhibition

During the afternoon Scott Green paced a yearling filly, sired by his horse, The Northern Light, an exhibition distance of one-eighth of a mile; the colt showing 22 seconds for that distance.

Half Mile Running Race.

Four horses faced the barrier in the half mile running race, Ruby H. being withdrawn. Lady Pitchford proved unruly at the post and the start was delayed somewhat while she was gotten into line, and on the getaway Jockey Norton got a bad start and was unable to overtake the field which got away with the word. Red Bird captured the race in a hard fought finish down the stretch, Trixie S. and Elsie furnishing the close competition.

Roaring Ted, blk. g., Griggs, (Valentine), 2, 2, 3.

Closer, b. g., Lee Hill (Hill), 3, 2, 2.

Time: 1:154, 1:161, 1:10 4-5, (???)

Half Mile Running race \$75.00, added money:

Red Bird, s. m., Cowhick, Winchester, Ill., won. Trixie S., added starter, second; Elsie added starter, third; Lady Pitchford, b. m., O. Pitchford, Lower, Ill., fourth.

Time: 54 1/2 seconds.

2:22 Pace

Four horses appeared for this race. Frances Dillon being withdrawn after the third heat on account of bad condition caused by the spill on Wednesday. This race proved to be rather disappointing to the majority of the spectators. Easter Boy stepping the first heat in 2:16 1-4 but being unable to finish thereafter in better than second place in the following heats which were won in far slower time. The third heat was so apparently odorous that the drivers of Easter Boy and Little Bass were called before the judges' stand before the start of the fourth and final heat and reprimanded by Starter Kirby, and warned that if they did not make it a race in the final heat they would both suffer a fine. The reprimand may have had some effect, but not very much, as the pair again held in the rear of Big Tom, at quite a distance back until entering the stretch when both came strong for that distance, furnishing a close-looking finish. Easter Boy seemed to have the class of the field, but it was the opinion of the majority of the spectators that he did not have the proper driving. In the first heat the field got away the second time down, Big Tom taking the lead and holding it until the stretch when Easter Boy came to the front, taking the heat in the time of 2:16 1-4. In the second heat Big Tom passed Easter Boy at the quarter post and won with apparent ease in 2:19 1-4. Easter Boy trailing in second position. They got away on the first trial in the third heat, Big Tom again leading all the way. Easter Boy and Little Bass laying back in the order named for the entire distance, the heat being the slowest of the race, 2:21 1-2. After they had been called before the starter they scored the first time and again Big Tom took up the burden and was never threatened until the stretch was entered when the other two horses offered a short-distance challenge, Easter Boy finishing second to Big Tom by a head, in 2:19 1-4.

Half Mile Green Trot

This race furnished the comedy of the afternoon. Richard Wingo showing the only class of the three entries left after the withdrawal of Mah Jong and Cricket. Richard Wingo took 3 straight heats; Roaming Ted finishing second in the first two heats, but going into a bad break in the final heat. Closer was a bad last in the first two heats, but could not help finishing second in the third heat after Roaming Ted stayed in his break and

EROSION OF LAND IN STATE IS BECOMING IMPORTANT PROBLEM

Five and One Half Million Acres in Illinois Are Affected

URBANA, Illinois (AP)—Erosion, or weathering on approximately five and a half million acres of agricultural land in Illinois is becoming a serious problem, according to F. W. Lehmann, chief of farm mechanics at the college of agriculture, University of Illinois, who with E. P. Hanson, an associate, is preparing a circular on methods of preventing weathering through terracing.

"The productive power of many rolling farms in the state is fast dwindling and many others are gullied," Dr. Lehmann said. "The area subject to serious erosion in the state is spreading each year and some of it is being abandoned for farming purposes. Terracing is the most effective mechanical means of preventing soil erosion and at the present time the Mangum terrace is the best adapted to Illinois conditions. Like other types, the Mangum terrace is designed to slow up the flow of surface water, thereby allowing more of it to be absorbed and preventing it from gaining enough speed to wash the soil. Its value in checking soil washing in Illinois not only has been demonstrated by the results obtained on one of the state experiment fields, but also by the success which farmers have had with it during the last two years.

"The Mangum terrace, which looks like a graded road running across the slope of a hill, originated in North Carolina in 1885 and can now be found on thousands of farms in that state and in the south. More recently it has been adopted by farmers in a number of middle western states as a means of checking soil washing. In terracing an entire field, a series of terraces is built with the terraces at regular intervals from the top to the foot of the hill, each of these terraces usually being from 16 to 20 feet wide. The terraces are spaced so that each one will take care of the water that falls between it and the one above and are close enough together so that the runoff water from average storms will not have an opportunity to descend in small rivulets between them.

"The steps to take in laying out a terrace and the methods to

be followed in building one are explained in detail in the new circular."

COLLEGES TO HAVE ENLARGED PROGRAMS

Illinois College in This City One of Five Illinois Colleges to Share in Illinois Presbyterian Education Fund of \$3,000,000

SPRINGFIELD, Ill., Sept. 4.—Five Illinois colleges are preparing to begin the new school year with enlarged programs in view of the Illinois Presbyterian Education Fund of \$3,000,000 which is in prospect. These schools are: James Millikin University at Decatur, Lake Forest College at Lake Forest, Lincoln College at Lincoln, Illinois College at Jacksonville, and the famous "self-help" college, Blackburn at Carlinville. In addition to these institutions, the Presbyterian students center at the University of Illinois where 1,400 Presbyterian young men and women are enrolled every year will share in the results of the campaign.

Many of the Presbyterian churches of the state have already pledged their share of the fund and leading speakers in the educational field of the church are visiting the congregations explaining the needs of the schools.

The education fund will result in larger endowment and the addition of considerable needed equipment at each institution. Since the campaign covers a five-year period the improvements will be of a progressive nature, more being added each year.

Each of the schools is preparing for increased enrollment this year in view of the modern trend towards higher education. The success of the present campaign will make it possible to care for hundreds of additional students.

LIONS HEAR ABOUT PACKING INDUSTRY

Cleon M. Bell Relates Interesting Facts About Meat Business at Lions Meet Last Night

Cleon M. Bell, a member of the firm of Powers-Beggs Co., was the principal speaker at the meeting of the Lions club last night at the Dunlap hotel and gave a very interesting and instructive talk on the packing industry. The clubmen were favored with several vocal selections at the meeting rendered by Miss Frances Cox.

Mr. Bell in speaking of the packing industry stated that this community is a corn raising section, which leads to hog raising on a large scale and which naturally makes the packing company with which he is affiliated a pork packing plant. He stated that the next five years holds he believes, opportunities for growth in the pork industry that have never before been presented. In speaking of the marketing of live stock, Mr. Bell stated that the majority of farmers do not market their hogs at the right time. During his 30 years of association in the business the majority of hogs are marketed in the cold months, thus forcing the price down, because in the summer and fall the public does most of its buying.

The plant is controlled by the federal government who has inspectors on the job at the plant with the result that over two per cent of the hogs purchased are found to be diseased. Ninety-one per cent of the products of the plant is shipped out of the city with the remaining nine per cent being sold in Jacksonville, which consists of the choice cuts of the hog.

KIWANIANS PLAN FOR CONVENTION

Local Club Endorses Invitation of Springfield to Entertain 1925 Meet.

Program Will Extend Thru Three Days and Will be Presented Under Tent on Correa Property on East State Street—Interesting Program Promised.

A large part of yesterday's meeting of the Jacksonville Kiwanians was devoted to plans for attending the Illinois-Eastern Iowa District convention of the clubs. On motion of B. F. Schaefer, the members of the local club voted unanimously to endorse the invitation of the Springfield club to entertain the 1925 convention of the Kiwanians, and instructed the delegates to vote for that location in the Galesburg convention so long as they could consistently do so. Most of the fifty delegates to the Galesburg convention expect to leave Jacksonville on Tuesday morning, while some of the club men will leave on Monday.

The golf tournament will open in the convention city at 8 o'clock Monday morning and Jacksonville golfers will take part in this. Felix Farrell was announced as the champion of the Kiwanis tournament having defeated Ed Tomlinson in the finals. Several prizes will be awarded in Galesburg for the best golfers among them being a district trophy and a governor's trophy.

Howard Piper, member of the White Hall Kiwanis club was the principal speaker at the luncheon. He addressed the club members on horse racing and county fairs.

Mr. Piper stated that most every man has a hobby which he follows and that his was horse racing.

He is engaged in the grocery business in White Hall and for several years has held offices on the Greene county fair board.

The speaker gave some very interesting facts and figures on county fairs and declared that Morgan county should have one of the best fairs in the state giving his reasons for so thinking.

At the close of his address he spoke of the death of "Pop" Geers whose death occurred Wednesday on a West Virginia race track. He spoke in glowing terms of the aged turfman's tactics on the race track. Never, he said, had he been accused of unfairness in racing.

Visitors for the day included Dr. Forkin and Mr. Murphy of the Veterans Bureau service of Chicago.

J. LLOYD READ ACCEPTS POSITION IN DECATUR

J. Lloyd Read, clerk and shoe fitting specialist at the shoe store of Hopper & Sons, has accepted a position in the woman's department of Folrath & Folrath, leading shoe store of Decatur.

Mr. Read has been associated with Hopper & Sons for the past seven years and during that time has made many friends in the city who will regret to see him leave but congratulate him on his business advancement and his opportunity for larger success.

Mr. Read has become affiliated with several Jacksonville organizations during his residence here both of a fraternal and benevolent character. He has been an active worker in Grace M. E. church where he is a member, and of Boy Scout Troop No. 7. He is also a member of the Kiwanis Club, the Chamber of Commerce, Elks Club, and Jacksonville Lodge No. 152 K. of P. He plans to leave the city about September 15th.

TENT SHOW HERE

NEXT WEEK

It has been quite a few years since the theatregoers of Jacksonville have had the opportunity of seeing an up-to-date stock company putting on good plays and vaudeville between the acts, but starting next Monday night the Ed Williams Stock Co., will hold forth under their big tent which will be located on the lot back of the post office. This is one of the best attractions of this kind in this part of the country and they will be here for one solid week, with a complete change of plays and vaudeville each and every night. Mr. Williams is carrying 20 people in his company and other cities where they have played recommend them highly. Bargain prices of admission will prevail.

The time after dinner will be spent socially, as no definite program has thus far been outlined. It is probable that other features to be announced later, will be added to the services already planned.

KLANTAUQUA TO OPEN SATURDAY

Program Will Extend Thru Three Days and Will be Presented Under Tent on Correa Property on East State Street—Interesting Program Promised.

NAME NEW TEACHERS TO FILL VACANCIES

Board of Education Makes Appointments at Meeting Thursday Night—School Finances in Good Shape.

The Klantauqua under the management of the Jacksonville Klan, will open Saturday afternoon and continue thru Monday and Tuesday. The Klantauqua will be presented on the Correa lot on East State street, where a large tent conveniently equipped with seats, will take care of the large crowd expected to attend.

The first number of the program will be Saturday afternoon at 2 o'clock, when the Rice Concert Co. will be heard. This concert will be followed by a lecture by Dr. William Matthews Holderby. Dr. Holderby has a wide reputation as a platform speaker. He was formerly a Presbyterian minister and for a number of years past has been the general manager of the Family Altar League of America.

The new appointments made as recommended by the teacher's committee, were:

Miss Clarice Meek as instructor in English and public speaking in the high school in place of Miss Hazel Dell, resigned.

Mrs. Filson as instructor in commercial department in high school, in place of Miss Mulberry, resigned.

Miss Alberta Whitlock in place of Miss Marion Spruit, who resigned to attend school in the southwest.

Mrs. Ed Wackerle in place of Miss Mary L. Maher, deceased.

Miss Boyd in place of Miss Beauchamp Green, who will teach in Winchester.

Miss Ella Herman as supervisor in art, in place of Miss Harriet Sibert, resigned. Miss Herman has had considerable experience and training for her work, and this summer has been taking special courses in the Chicago Institute of Applied Arts.

Miss Ruth Fuller, a graduate of the high school with the class of 1922, was appointed as high school stenographer, instead of Miss Ruth Wilkinson, resigned. Miss Irene Arter was appointed stenographer in the David Prince building to take the place of Miss Grace Burrus resigned.

The treasurer's report to the board showed the finances of the school system in better shape than ever before. On August 31, there was a balance in the general fund of \$23,050.48, and a balance in the building and repair fund of \$8,705.78. It is thought that the board will not have to anticipate the building fund during the entire year, and no anticipation warrants on the general fund will have to be issued much before the end of October.

Finance Figures

The board approved bills of \$3,215.02, and a summer payroll of \$3,493.35. The superintendent was authorized to spend \$119 for supplementary geography readers for the third and fourth grades, an increase in the filing accommodations in the high school library was also allowed.

The contract for supplying the coal or the school system during the coming winter was awarded to Harrigan Bros., who submitted a bid of \$3.95 per ton on egg coal which is the kind mostly used by the schools.

The board authorized the sending a letter of sympathy to the family of Miss Mary L. Maher, who was for many years a member of the teaching force. It was decided to advertise for bids on concreting a part of the drive at the boiler house, which it is thought necessary to pave, in order to facilitate the weighing of coal. The board will ask for bids on both concrete and brick paving, and it is thought that if bricks are used, the old brick from the East State street pavement may be utilized. The space to be paved is 31 by 25 feet.

Supt. B. F. Schaefer gave the board an account of his summer at the university laying emphasis on a course in school accounting and finances. He expects to experiment with a new system of cost accounting, which will give information as to the exact cost of teaching each subject in the schools.

Several of the board members inspected the interior decorations of the David Prince building. The appearance of the corridors and most of the recitation rooms has been greatly improved and the auditorium has been made quite attractive. The floors in the corridors have been refinished with a paint cement, which promises to be a great improvement.

Upset Political Theory

Continental Europe has been the biggest buyer of all grains during the last week with Germany, France and other signers of the Dawes pact leading. The fact that the foreign buying has developed sets a rest, the stories that have been going around of late that the sensational advance in the price of all grains has been due to political action, and proves that speculators were right in their view.

Latest figures on the world's wheat crop suggest a total of 3,262,000 bushels or 420,000,000 bushels less than harvested in 1923. Added to the short crop is the unfavorable outlook for the new wheat in Argentina where drought prevails, and some damage has already occurred.

Some rains were reported in Argentina yesterday but they were not sufficient to change world wheat market conditions.

CUBS ARE SHUT OUT
BY RIXEY OF REDS

Cincinnati Pitcher Allows But Five Hits Winning Tilt 3 to 0—Jacobs Knocked Out of Box.

CINCINNATI, O., Sept. 4.—Cincinnati continued its fight to break into the first division today when Rixey shutout Chicago 3 to 0 in the second game of the series. The Reds knocked Jacobs out of the box in the second inning.

Recently for seven innings Walter Johnson held Chicago to four hits and no runs. His great pitching had the crowd thrilled. It looked as if he would surely add another shutout to his long string.

When Washington went to the field for the eighth inning Johnson was missing from the picture. Fred Marberry was on the rubber for the Nationals.

Most of the fans figured something serious must have happened to Johnson's arm, for at the close of the seventh inning he looked uninhabited.

Others thought that probably Manager Harris was of the opinion that he had tired and it was wise to send in a fresh pitcher. Jacobs, p. 0 0 0 1 0 1 Hartnett xxx 1 0 0 0 0 0 Blake, p. 1 0 1 1 0 0 Miller, xxxx 1 0 0 0 0 0 Bush, p. 0 0 0 0 0 0

Being rather fond of ice cream myself, I remarked to the boy that he needn't go any further.

"This is for Walter Johnson," replied the youngster. "He told me to hurry back."

That wonderful looking pine-apple sundae an hour later caused plenty of trouble for Johnson and for a time threatened to throw a jolt into Washington's pennant chances.

The Nationals won the contest 2 to 1, but a break of the game, an unassisted double play on a line drive to the first baseman, saved the day, when it looked as if Chicago might win.

Walter Johnson insists that he has learned a lesson, that never again will he indulge so short a time before play.

The lesson Johnson says he has learned could be used to advantage by 90 per cent of big league athletes.

It is a habit of players to eat and drink prior to game time, with ice cream, soft drinks, and "hot dogs" as the favorite forms of dissipation.

A college trainer would have a fit at the methods employed by big league players as to their diet.

It is a well-known fact that many a recruit player, with a chance to be a star, has literally eaten himself out of the big show.

Baseball trainers claim that it is impossible to regulate the diet of an athlete too closely over a strenuous campaign of six months as is the case with the national pastime.

What Strength in Flour Does for You

Strength in flour makes your baking rise, and gives it even texture. It improves both its flavor and its food value. It makes flour go farther, so that a sack lasts longer. It is the very foundation of good baking and economy.

That's why so many thousands of women always use Valier's Enterprise Flour. They have learned through experience that the Strength of Enterprise means not only better, but cheaper baking.

The choice, strong wheat used in milling Enterprise now costs a smaller premium than it has for years. Today Enterprise, as fine a flour as can be milled, costs but little more than ordinary flour.

Order a sack—and see what Strength can do for your baking.

FINAL RITES HELD FOR BLUFFS CHILD

Funeral Services For Vernon Albert Gregory Held Tuesday — Other Bluffs News.

Bluffs, Sept. 3.—Vernon Albert Gregory son of Mr. and Mrs. Joseph Gregory aged one year and nine months died at the home of his parents Aug. 31st, after a few days illness.

Funeral services were held at the Baptist church in Bloomfield at 10 o'clock a.m. Tuesday. Interment was made in the cemetery at Bloomfield.

Mr. and Mrs. Arnold Zengler and children left Tuesday for a visit with relatives in Kentucky.

Mrs. Lee Baird entertained eighteen little girls at her home Saturday afternoon in honor of her little daughter, Ruth Anna's eighth birthday. Games were indulged in and refreshments were served by the hostess.

Mrs. Ed Merris entertained thirty-five little friends at her home Friday afternoon at a picnic and outing in honor of the junior members of the family. In the evening a splendid supper with plenty of fried chicken was spread and this part of the program was most thoroly enjoyed. A very happy time was passed by those present.

Pupils of the B. H. S. were required to register at the school building Saturday. The grade pupils registered on Monday. School opened Monday for registration and arrangement of classes but closed until Sept. 8th on account of the teachers institute in Winchester this week.

Mrs. Thomas Smith left Monday for a visit with relatives in Springfield.

L. W. Bates was taken suddenly ill early Wednesday morning from an acute attack of appendicitis.

Mesdames John Stickler daughter Betty, Mrs. E. J. Rees and daughter Miss Fay, will leave Thursday for Chicago. The latter will go to Maryland where

Dr. A. E. Prince of Springfield, Illinois, will see his eye, ear, nose and throat patients in Jacksonville the 1st Thursday of each month at the Dunlap Hotel.

WE RESTORE SHOES!

Not repairing in the ordinary sense of the word, but REPAIRING that means restoration of your old shoes as you originally bought them. Here's a service that's thorough at prices that you're glad to pay.

217 West Morgan St

Here's June Ng, queen of what is believed to be the first Chinese girl chorus. The chorus was formed in San Francisco's Chinatown and will tour the country.

she expects to teach and also take a course in music.

Mr. and Mrs. B. S. Fraser have returned from a two week's visit with relatives in Kentucky.

Mr. and Mrs. Lafe Six and children have returned from a four day's visit with Walton Pollock and wife in Kansas City, Mo.

STATE FAIR GROUNDS

A REGULAR "CITY"
Altho located just outside the city limits of Springfield, the Illinois State Fair and its environs will assume, September 13 to 20, inclusive, all the functions of a municipality.

There will be located within the grounds fully equipped offices maintained by railroads, express companies, a United States post office, information bureaus, headquarters for obtaining lodgings, restaurants, lunch rooms, telephone booths, and, in short, every facility which a visitor would find in a well ordered city of above 5,000 inhabitants.

DANCE FRIDAY NIGHT,

CHAPIN MAN'S WILL FILED FOR PROBATE

Th will of the late Charles H. Taylor of Chapin was filed for probate yesterday in the office of County Clerk George L. Riggs. The document was made on January 12, 1924, and was witnessed by C. E. Drake, H. O. Smith and F. W. Schultis. Mr. Taylor's wife,

Mrs. Retta Hill Taylor, was appointed as executor.

To his wife he leaves 100 acres of land in section 10 township 15, and range 12 and all his personal property.

Among Franklin visitors in the city and at the county fair Thursday were M. B. Kepplinger, Dennis Whalen and family, and Ray Ryan and family.

TO ENTER I. C.
George Govert of Quincy has arrived in the city to enter Illinois College. Cecil Wood of Lincoln, Kansas, is in Jacksonville for the fall opening of Illinois College.

Use Red Crown

The High-Grade Gasoline

For Perfect Motor Response

The willing start, the leap ahead, the noiseless regularity of the piston stroke, the steady purr of a satisfied engine — all these lie in Red Crown, the BETTER motor fuel.

The finer shades of Red Crown performance are due to its perfect chain of boiling point fractions. Red Crown begins to vaporize at a very low temperature, with consequent prompt and easy starting, summer or winter. Red Crown vaporizes steadily throughout the entire stroke of the piston, thus yielding smooth and rapid acceleration and maximum mileage.

Red Crown service lies in this wide flexibility. It is an ideal fuel—it not only moves the car, but it gives the driver a sense of perfect control—a thrill of power—an exhilaration due to instant and eager response.

Red Crown service represents the ideals of the Standard Oil Company (Indiana) carried into performance. It yields more power—greater economy—more mileage—manifesting in all these the aim of the Company to provide a better motor fuel.

It is available everywhere—and everywhere the same — to the man who buys 1 gallon or 1,000 gallons.
